PEDRITO the panther

Pedrito the Panther was created in January 2022 by Daisy Fernandez-Reyes'25 and her coworkers at the FSE Techshop & their boss, Carlos Vergara in response to the University's official Pete the Panther redesign.

We all thought it was ugly and were haters.

Sorry Pete.

Pedrito the Panther was a my own drawing of what my co-workers and I found to be a cuter, nicer, not disney -mascot-furry version of the mascot we have.

He kind of looks like a mouse, Kind of doesnt. But is filled with Love!
